Mid-Missouri Trout Unlimited

Trout Unlimited is a national organization with the mission to "conserve, protect and restore North America's cold water fisheries and their watersheds". The Mid-Missouri Chapter is in its 20th year and has been nationally recognized for its activities. We have been active in cold water conservation throughout our history, working on trout habitat improvement projects on Spring and Mill Creeks, land acquisition on Mill and Capps Creeks, and contributing generously to the Missouri Conservation Heritage Foundation Trout and Coldwater fund.

Following the lead of one of our founding members, Nello Donati, the chapter has been involved in youth activities, assisting with fly tying and fly fishing classes at Rock Bridge High School, teaching fishing techniques at "Kids Trout Outing" at Bethel Park, and donating copies of James Prosek's A Good Day's Fishing to all Columbia public elementary school libraries.

Casting for Recovery, a national support and education program for breast cancer survivors, has been given special emphasis by the chapter. We donate scholarships allowing women to attend retreats in Missouri and Arkansas.

With your support we can continue to make a difference. Please bid and donate generously.
