2004 Mid-Missouri Trout Unlimited Banquet And Auction

Welcome to the Mid-Missouri Trout Unlimited Banquet

Mission

Trout Unlimited's mission is to conserve, protect and restore North America's trout and salmon fisheries and their watersheds. TU accomplishes this mission on local, state and national levels with an extensive and dedicated volunteer network. TU's national office, based just outside of Washington, D.C., and its regional offices employ professionals who testify before Congress, publish a quarterly magazine, intervene in federal legal proceedings, and work with the organization's 125,000 volunteers in 500 chapters nationwide to keep them active and involved in conservation issues

Mid-Missouri Chapter

The Mid-Missouri Chapter of TU includes about 300 members mostly in the Central Missouri area. Meetings are held on the 1st Tuesday of each month at the Resource Science Center located at 1110 S. College Drive, Columbia, MO. Meetings begin at 7:30 pm and we try to have an interesting program. In June, we host the annual Hot Dog Burn and its usually held at Bethel Park on Bethel Road.

Over the last several years the Mid-Missouri Chapter played an instrumental role in a number of conservation projects. The projects we've participated in have included:

- ❖ The Goodman Tract conservancy on Capps Creek
- ❖ Two separate conservancy projects on Mill Creek
- ❖ Habitat improvement on Mill Creek, Spring Creek and Barren Fork Creek
- ❖ Handicapped accessible fishing access on the Current River

The Mid-Missouri Chapter intends to follow tradition and has made a commitment to support these programs from the 2004 banquet proceeds:
